**The following conditions shall apply:**

- Participation is restricted to specialized companies, capable of reconditioning tubes.**
- SOC will not be liable to sell the tubes if the prices received do not match SOC estimates.**
- Sale award is subject to approval by NOC.**
- Award is also subject to approvals of the General Auditors Authorities, who ensure sale price agreed to estimates, and in line with international market price for the material.**
- The Main Tender Committee would also like to point out that the material offered is used, but not classified as “junk” because it can be reconditioned and its chemical, physical, and thermal properties restored, to usable salable material, by specialized companies to which the advertisement is aiming to attract. Such specialized companies are licensed to issue quality certificate for the reconditioned tubes and provide warranty, and therefore SOC will in any way or another be responsible or liable once the material is sold in its present condition.**

We urge specialized companies interested in the above-mentioned prospect, and wish to apply for site visit, to contact Secretariat of the Main Tender Committee, SOC at Marsa El-Brega.

- Bids should be submitted in a sealed envelope, one original plus a copy.**
- A certified check issued by a known bank, worth 5% of bid price (Bid Bond) should also be submitted in a sealed separate envelope. Checks will be cancelled and returned to originators, except for the winner, whose cheque will be deposited as**

partial payment. Failing to complete the logistics, payment of entire consignment, and shipping, the certified cheque will not be returned.

-The MTC will decide the date of Bid opening, and how it will be handled.

-Interested companies should contact Secretary of the Main Tender Committee week days (Sunday-Thursday) during working hours (10:00 to 14:00) on the dates indicated above.
